

# The Fundamentals of Hospice Palliative Care - Online Sessions

## Spring 2022

**Fundamentals Core** education is a five-week certificate program for **ALL** health care providers and volunteers who wish to enhance knowledge and develop capacity related to hospice palliative care.

### **Fundamentals eligibility:**

- Health care provider or volunteer caring for people with a progressive, life-limiting illness
- Access to an internet-enabled computer
- Knowledge of basic computer programs

### **Included in the core curriculum:**

- 3 online classroom sessions (case-based learning)
- 8 e-learning modules
- 2 peer-to-peer exchanges (Peers will be assigned)
- 1 reflective activity

**Fundamentals Enhanced** is education for nurses (RN/RPN/NP) who have completed the Fundamentals Core and wish to further develop their capacity related to hospice palliative care and move on to the CAPCE program. This is optional and at no additional cost.

- 2 additional chapters to be read
- 2 additional E-learning modules
- 1 mentor session with a local Palliative Pain and Symptom Management Consultant
